GREATER CEDAR VALLEY
ALLIANCE & CHAMBER
BE PART OF SOMETHING GREATER
THE CEDAR VALLEY OF IOWA

August 2, 2010

The Honorable Buck Clark, Mayor
and the City Council Members
City Hall
Waterloo, Iowa 50703

Dear Mayor and Council Members:

The Greater Cedar Valley Alliance is proud to support the City's efforts for grant funds for the construction of a sandbagging operation. Improvements to flood prevention capacities are supported, encouraged, and fully backed by our organization.

The Greater Cedar Valley Alliance is fully supportive of multiple entities working together, and we believe the City of Waterloo's commitment of automated sandbagging units to help for flood prevention, will also help many smaller communities and entities in the region. The City of Waterloo was able to help Black Hawk County with an earlier event this year, and we support governmental entities working together to help keep taxes down.

As you know, the Greater Cedar Valley Alliance is charged with helping bring economic development through investment, jobs, and residents to the area. Projects like this one will provide additional assurance of flood protection in future high water events.

Sincerely,

Steven J. Dust CEcD
