Re: Exhibit 4
I-JOBS Application – Local Infrastructure Competitive Grant Program
Public Works Facility Flood Mitigation
City of Toledo

Gentlemen:

This is to certify, on behalf of the applicant, that the proposed project design and construction shall meet the current state building energy code.

It is our intent to design the project to meet the Energy Star standards. However, since the Energy Star approval process requires post-construction monitoring plus evaluation by a third party, it is not possible to certify with certainty that the project will receive an Energy Star.

Yours truly,

David A. Stoklasa, PE.
